

9300 Series

Articulating Wall Mounts

The 9300 series of wall mounts combines a heavy duty mount with an articulating arm. Ideal for monitors 20 lbs and up. The articulating arm also features internal cable management to keep cords out of view.

There are two options in the 9300 series:

Model 9300

Articulating arm with internal cable management. Supports up to 45 lbs.

Model 9300-HD

Includes spring-assisted monitor tilter for smooth monitor adjustment. Supports up to 55 lbs.

Integrated cable management

Arm folds flat to save maximum space

Extend monitor up to 22"

FEATURES

- ▲ 22" (56 cm) of horizontal range
- ▲ Internal cable management keeps cords out of view
- ▲ Pivot monitors from landscape to portrait
- ▲ Monitor tilter mechanism can tilt over 200 degrees
