

# HEAVY DUTY DATA ENTRY ARM - 9139

MONITOR ARMS

# SMOOTH MONITOR ADJUSTMENT

The 9139 heavy-duty data entry monitor arm is great for industrial or manufacturing environments. The computer mount features independent adjustment of monitor and keyboard platform. Choose from several mounting and keyboard platform options (purchased separately).

## FEATURES

- **Flexible:** Monitor tilter mechanism can tilt up to 200 degrees.
- **Rotate:** Allows for landscape/portrait monitor positioning.
- **Dual support:** Support a monitor and keyboard tray.
- **Smooth:** Friction control system provides smooth monitor adjustment while adjusting the position of the arm.
