

AC-AP-IP23

VESA adaptor mount for iPad®

The AC-AP-IP23 iPad® VESA adaptor mount is a mounting accessory that enables the Apple iPad2, iPad3 and iPad4 to be attached to any compliant VESA mount with a mounting hole configuration of 75x75mm. It features a "snap on" mounting system that allows for rapid attachment and removal of the iPad to and from the adaptor plate; whilst also providing enough stability to ensure that your attached device will not unexpectedly disconnect. The AC-AP-IP23 is designed to allow for uninterrupted access to all buttons, ports and cameras and is the perfect addition to any desktop environment.

Mounting hole pattern:

Can be fixed to any mount with a mounting hole configuration of 75x75mm

Supports iPad2, iPad3 and iPad4
