

MA4000-4-AH-C/G-2PBM4 QUAD MONITOR ARM

# MA4000 MONITOR ARM

The MA4000 series offers the exceptional versatility of dual height adjustments that provides for dynamic height adjustment of the monitor and static height adjustment of the arm on the pole.

MA4000-4-AH-C/G-2PBM4 QUAD MONITOR ARM

# MA4000 MONITOR ARM

## FEATURES

---

- Beam mounted monitor arm for quad monitors
- Fits up to four 27" monitors
- Beam height position is adjustable on the pole using a supplied Allen key
- Beam uses two poles to provide additional support – for example, when using monitors of various weights
- Monitors can be positioned at any location along the beam
- Counterbalance spring mechanism in the monitor arms for smooth dynamic height adjustment
- Quick connect brackets allow for easy monitor mounting
- Integrated cable managers keep cables neat and organized
- Choice of desk clamp or grommet mounts
