

ERGOTRON®

WorkFit-A, Platinum with Suspended Keyboard

Highlights

For Computer Users

- High-quality, solid-aluminum construction with extra large worksurface
- Sleek, high-tech design perfectly complements contemporary decor
- Keyboard tray tilts through 20° range, positioning hands and wrists to ensure comfortable computing
- Keyboard can be positioned below desktop level when sitting for optimum ergonomics
- Full sit-to-stand height adjustment
- Get a premium WorkFit-A configuration with near-universal compatibility: VESA standard interface and extended weight range accommodates your current and future hardware
- Fluid, one-touch motion with patented CF Technology
- Standing is like walking: it increases energy, burns extra calories, tones muscles, improves posture, increases blood flow and ramps up metabolism

For IT and Facilities Staff

- Flexible, open-architecture design is scalable for future computer equipment
- Modify existing office spaces or cubes by simply clamping a WorkFit on an existing worksurface, without the cost of expensive professional installers
- Safe and neat routing of cables

For HR/Risk Management and Company Cost Savings

- Manage the cost of healthcare premiums by promoting wellness in the daily work routine
- Provide standing work platforms for employees without having to buy expensive height-adjustable chairs
- Comfortable computing offers provable ROI on investment—healthcare costs associated with unhealthy computing and missed time are reduced while productivity increases

Sit-stand for wellness and productivity. Keyboard can be positioned below desk surface for optimum ergonomic comfort.

Move while you work! This premium mount converts your workstation into an adjustable standing desk, allowing you to sit less and become healthier doing so. Freely move the arm with you as your posture changes; swing the arm out of the way when you need your desk surface.

A sleek, high-tech design perfectly complements contemporary decor, while the aluminum construction offers superior quality and durability.

Optional grommet mounting hardware included for flexible mounting

WorkFit-A, Platinum with Suspended Keyboard

- Keyboard tray tilt range = 20°
- When in seated position, keyboard tray can drop down ≤ 4" (10 cm) below level of desktop surface, placing the keyboard at the optimum ergonomic height
- Mounting Surface Requirements: When installed using Desk Clamp option, can be configured to work with desk surfaces up to 31.5" (80 cm) deep. When installed using Grommet Mount option, center of through-hole should be no more than 29.5" (75 cm) from front edge of desk surface. These requirements ensure that the suspended keyboard tray can extend past the desktop's front edge
- Integrated cable management hides cords
- Desk clamp attaches to edge up to 2.5" (65 mm) thick; grommet mount attaches through hole 0.5" to 2.5" (7-65 mm) wide and up to 2.5" (65 mm) thick
- Worksurface Dimensions: 22.6" W x 14.4" D (575 x 366 mm)
- Keyboard Tray Dimensions: 24" x 7.5" (609 x 191 mm)

Compatible with Apple 21-27" iMac models with Built-in VESA Mount Adapter (from early 2013 to present). See website for details
