YES20 Charging Cart for Mini-laptops

Highlights

- **Charge, store and transport up to 20 devices.**
- Perfect for Chromebooks™, Netbooks, Surface Pro and MacBook Air® — devices up to 14".
- Adjust the interior to fit your devices: raise and lower the Lift-N-Set Shelves and remove/adjust the Pop-N-Go Bay Dividers to create the right bay size.
- Compact design maneuvers easily through crowded hallways and into tight spaces.
- Devices stay secure with keyed locks on each door, complete with brackets for your own padlock and a 2-point locking system.
- 4" dual-wheel rubber casters, all locking, move the cart where it's needed, even over rough surfaces.

Ergotron says "YES!" to all your devices — charge and store any mix of up to 20 Chromebooks, Netbooks, and Tablets.

With YES Carts, one size fits all Chromebooks up to a 13" screen — even some 14"! Set the Cart's bay width and shelf height for your device, then reconfigure when it's time for new devices. Mix and match with tablets, e-Readers, and hand-helds for even more flexibility. The YES Cart truly is the last cart you'll ever buy.

Each **Lift-N-Set Shelf** can be repositioned to create larger or smaller vertical spaces to fit your devices.

Pop-N-Go Bay Dividers are made of tough ABS polymer and can be moved to create the perfect bay width for your devices.

Mix and match devices — the interior is yours to configure.

Cable bins measure 4.5" deep — plenty of room for power bricks and excess cord length.

YES20 Charging Cart for Mini-laptops

The cable channels on top of each bay divider are easy to reach, easy to see and easy to wire.

2 cable bins measure 4.5" deep (11.43 cm) — plenty of room for power bricks and excess cord length.

Integrated keyed locks have brackets for your own padlock.

Devices are secure with a 2-point locking system on each door.

The Comfort Edge top surface has a lip to prevent items from rolling off.

Doors, side panels and interior panels are ventilated so that devices stay cool.

Four 4" rubber casters, all locking, move the cart where it's needed, even over rough surfaces.

A wide ergonomic handle makes each cart easy to steer.

We say "YES!" to all your devices
