

IN-WALL MOUNT SERIES

NEW!

LIMITLESS CENTERING!

Next generation in-wall swing arms designed for perfect flat panel placement – without cutting studs.

As the industry's first fully integrated in-wall mount, Chief's new in-wall swing arms simplify installation. The new solutions allow perfect centering of a flat panel TV at any position within a 16" stud system. Patent-pending design uses a convenient mount template and eliminates the need to cut into studs or install headers.

The new series includes MIWRF and PIWRF series for flat panels ranging from 26 to 63".

Features

- Includes template for easy measuring and simplified post-construction installation
- Centers flat panel on wall without cutting studs – no header/footer necessary
- Channeled cable management
- ClickConnect™ Technology – simply hang your screen and the audible click confirms it's locked in place
- All wood stud installation hardware included
- Ships as complete in-wall swing arm – zero assembly required
- Designed for retrofit or new construction applications
