

Laptop Locking Station

The highest level of security made easy

K64625WW

Product Description

We've made superior security easier than ever with the Kensington Laptop Locking Station. Just give the security arms a squeeze. That's it! Laptops are secured with far fewer steps and even greater security than a traditional cable locks. Unlocking is fast, too: just turn the key and the arm spring open.

Features

- Works with laptops from 13.3" to 17"
- To lock, simply place the laptop on the base and squeeze the arm - no key needed
- Nearly impenetrable disk style keyed locking mechanism
- Safe Premium for the highest level of theft resistance
- Custom keying options available in a master access, shared access, or supervisor-only access
- Locking Station allows laptop to rotate, slide and tilt for easy access to all ports
- Free on-line key registration for secure key replacement
- All steel backbone and deflector plates resist cutting, drilling and prying
