

# Workrite Soleil™

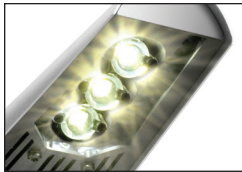

Task Lighting

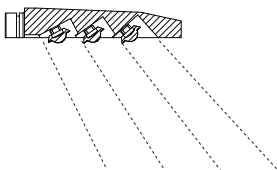

*Better light by design with a wide range of adjustments*

*Green focus with recycled/recyclable materials using only 9 watts*

*20 year LED life backed by a 10 year fixture warranty*

*Asymmetric light projection reduces glare*

## Illuminate your work with style and sustainability

The Workrite Soleil LED task light brings elegance and functionality to the workspace. Combining energy efficient LED's with the fluid motion and elegant styling of the arm, the Workrite Soleil represents the next generation of lighting technology.

### Ergonomic Adjustability

The Workrite Soleil task light features a spring-loaded, self-balancing arm for smooth vertical and lateral adjustments. The shade maintains position to optimize the incident angle of light, thus minimizing glare. Soleil's user-adjustable features include: 14" adjustable height range, 22" of horizontal reach, 360° of rotation at base and 160° lateral pivot for shade.

### Green Features for LEED Eligibility

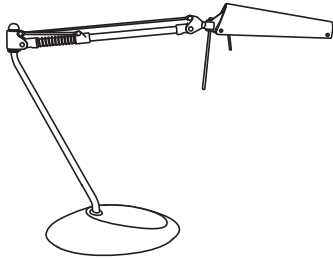

Workrite Soleil is eligible for 3-5 LEED credits based on its energy use and material composition. The energy efficient LED's in the Soleil consume only 9 watts, providing significant energy savings over fluorescent and incandescent lamps. The integrated long-lasting LED's provide an average lifetime of 50,000 hours of operation—up to 20 years of normal function. The fixture is manufactured from up to 60% post-consumer recycled materials in the body and base, using a VOC-free manufacturing process. These materials are recyclable at the end of the product's lifetime. Together, these green features and sustainable design make Workrite Soleil a natural choice.

### Engineered to Reduce Glare and Improve Visual Comfort

The Workrite Soleil features precision engineered optical grade PMMA lenses to optimize the light distribution. Each LED and lens is precisely aligned to create a combined light output that reduces glare and maximizes visual comfort for better productivity.

*At Workrite we believe every body has a right to work comfortably and safely for maximum productivity. You can trust Workrite, as 75% of Fortune 100 companies have, for solutions that fit today's diverse range of workers.*

# Workrite Soleil Task Lighting

- Spring loaded, self-balancing arms provide wide range of vertical and lateral motion
- Specify mount: desk base (shown), clamp and Sierra Tool Bar mount available
- 9 watts of power with quantity 3, 3 watt LED's; 0.3 watts of stand-by power
- LED's feature 50,000 hours average lifetime
- Color temperature: 3200 K, CRI 76
- Optical grade PMMA lenses optimize light distribution and minimize glare
- 2 prong switch-mode transformer with 8" cord mates to 6' power cord
- 120v, 60 Hz. transformer: 2<sup>3</sup>/<sub>8</sub>"H x 1"W x 1<sup>3</sup>/<sub>4</sub>"D
- Pre-programmed to dim if ambient temperature of shade reaches 100° F
- UL listed, CUL listed; 10 year warranty
- Available in silver with aluminum shade
- Post-consumer recycled content used in packaging, aluminum and zinc components; all recyclable
- LEED credit eligibility
  - Energy and atmosphere, credit 1.1
    - Optimize energy performance: lighting power (1-3 points)
  - Energy and atmosphere, credit 1.2
    - Optimize energy performance: lighting controls (1 point)
  - Materials and resources, credit 3.3
    - Resource reuse: 30% furniture and furnishings (1 point)

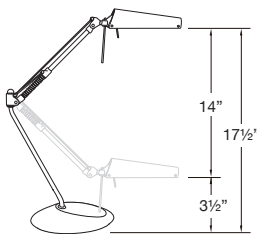

Mounting	Model #	Weight	List Price
Desk Base	SOL-111-01	10	695
Clamp	SOL-121-01	4	599
Sierra Tool Bar	SOL-131-01	4	635

### Mounting Hardware Only (for replacement orders)

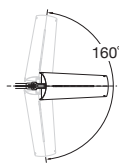

Mounting	Model #	Weight	List Price
Desk Base	SOL-BSE-01	7	192
Clamp Mount	SOL-CLP-01	1	38
Sierra Tool Bar Mount*	SOL-STR-01	1	68

### Specifications:

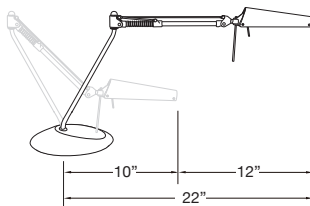

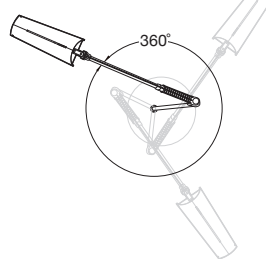

Horizontal and vertical reach

Shade pivot

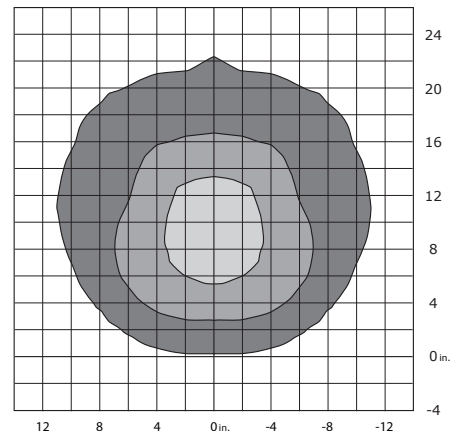

Fixture rotation (all mounts)

### Photometrics

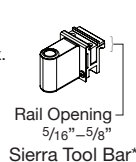

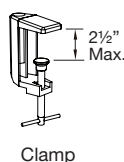

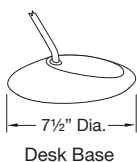

Source at 15.75"

Illumination, footcandles

### Mounting options:

\* Designed for Sierra Tool Bar. Works with many other rail systems.
