

# SIERRA HX CRANK & PIN

adjustable height workcenters

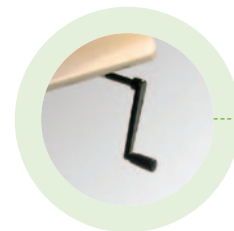

## OPEN UP YOUR WORKSPACE TO GREATER POSSIBILITIES

Sierra HX is the natural choice for seated height adjustment with maximum clearance. Its hidden crossbar mounts directly to the worksurface. So no matter your height, you will always have plenty of room to stretch out and position your worktools wherever they need to go.

Sierra HX Crank and Pin open up a world of possibilities. The Sierra HX is available in over 100 shapes and sizes and your choice of crank or pin-set adjustment.

Our new Silhouette Collection worksurfaces are 1/2" thin and feature an ergonomic edge detail. Plus, Silhouette Collection worksurfaces are composed of GREENGUARD® certified material. All Sierra HX workcenters contain a minimum of 28% LEED Recycled content.

Let work  
come to Life.™

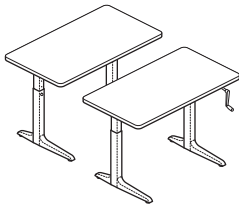

*Crank version provides easy height adjustment*
