Ergotron manages iPad devices for any facility or workflow

- Charge, sync and secure up to 48 iPad devices at once from one location
- Stationary desktop unit holds up to 16 iPad devices
- Mobile cart holds up to 32 or 48 iPad devices
- Charge all tablets simultaneously with one power cord to the wall socket
- Switch from charge to sync mode by connecting a Macintosh™ computer or PC
- Designed for use with Apple® Configurator and iTunes
- Small footprint keeps valuable space available
- Mobile cart conveniently allows you to move all your tablets at once as you pickup or deploy iPad devices at different locations
- One desktop charging unit can serve multiple rooms and locations

JUST
STAND

Universal Design

- Charge and sync up to 48 Apple iPad, iPod, and iPhone devices.
- Compatible with both 30-pin and Lightning™ connector cables
- Full 2.1A charging power for Apple devices
- Universal design provides flexibility as technology changes
- Optional LED Individual Status Indicators (ISI) monitor charging progress of each tablet

Super Compact Design

- Up to 40% smaller and lighter (unloaded) than competitive product
- Up to 60% more device capacity than competitive product

Solid, Durable Construction

- Steel tube and aluminum extrusion framework; steel access doors
- Durable, easy-to-clean exterior composed of high-grade fire-retardant ABS

Secure Storage

- **NEW!** Durable steel doors with three-point lock and assembly provide strong theft deterrence

- Ventilated enclosed storage area keeps tablets safe and secure
- Optional Security Bracket accessory kit (97-735) provides ability to lock cart to floor or wall bracket for extra security when needed

Easy Setup

- Choose the **97-766 30-Pin to USB Cable Kit** for the perfect sized cable, or use the 30-pin or Lightning cables that come with the Apple devices and install them yourself
- Clean, neat cable management drawer located on each unit. Secure drawer is separate from tablet compartment, limiting unauthorized access

Certified for Safety

- Ergotron not only uses UL-certified components, but goes a step further to have UL certify the entire system to guarantee safe use within the classroom, healthcare or enterprise setting
- Tested and certified to UL 60950-1 and UL 1667 standards, FCC requirements and all applicable country-specific regulations

NEW! USB Cable Kit 97-766
These certified USB cables for iPad (30-pin, set of 16 cables) are a custom length to fit perfectly inside Ergotron Tablet Management products

Made for
iPod iPhone iPad

Save time and money by allowing our experts to integrate your Ergotron Tablet Management product with certified cables (see chart)

NEW! Security Bracket Accessory Kit 97-735

Up to **40% smaller and lighter** than competitive offerings
