

Highlights

Flexible solutions that facilitate collaboration:

- Take the headache out of integrating new media and technology into the curriculum by consolidating all the technology tools needed on one small platform
- Eliminate podium, secondary instructor desk and A/V cart by combining them into one efficient and cost-effective hub
- Accommodates laptops, tablet PCs, portable document cameras/visualisers, DVD players and wireless extenders of choice
- Works with on-board projectors, or remote displays and projection devices.
- Easily moves through aisles, around desks, over thresholds or through small doorways; ideal for collaborative learning and for shared resources across multiple rooms

Dependable technology:

- Optional locking drawer—a secure stash spot for teaching tools and personal effects
- Patented Constant Force lift technology provides fluid adjustments of the keyboard and laptop positions for personalized computing or viewing
- Safe and neat routing of cables
- Durable, easy-to-clean exterior composed of aluminium, high-grade plastic and powder coated painted steel

Ergotron®

TeachWell™ Mobile Digital Platform

The Mobile Digital Platform for 21st Century Education

This compact technology hub consolidates laptop or tablet PC, keyboard and mouse, portable document camera/visualiser, DVD player, wireless extender, projection device and more on to one, stable platform. Un-tether from a desk, podium or any single place in the classroom and move wherever needed to deliver collaborative curriculum.

TeachWell's small footprint easily rolls through aisles, doors and cramped media areas while the height-adjustment platform moves the keyboard, display and worksurface in one simple motion. Change from a sitting to a standing position whenever you want as you teach or work.

- ① Swiveling document camera tray is compatible with today's most popular portable document cameras. Tray can attach to one of four locations on the worksurface to accommodate specific camera models. Mountings holes for mechanically securing camera are provided (this feature only applies to certain makes/models). Contact Ergotron for detailed list of compatible models
- ② Open-Front Compartment: interior dimensions = 17"W x 3.25"H x 13"D (43 x 8 x 33 cm)
- ③ Ergonomic negative-tilt keyboard tray ensures wrists remain in a neutral position during data entry. Includes concealed mouse tray that slides out on left or right
- ④ Durable, easy-to-clean exterior composed of aluminium, high-grade plastic and powder coated painted steel
- ⑤ Worksurface Dimensions: 23"W x 20"D (58 x 51 cm)
- ⑥ Four dual casters—lockable front casters
Wheel-to-wheel base dimensions: 17"W x 20.5"D (43 x 52 cm)

Recommended accessories:

- ⑦ TeachWell Locking Drawer 97-516-053
- ⑧ Utility Shelf 97-481-216 (recommended for mounting projector)
Power Strip 83-066 (available in North America only)
Power Strip Mounting Kit 60-590

Size	Weight Capacity*	Lift**	Tilt	Pan	Rotation	VESA
≤ 19"	≤ 40 lbs ≤ 16,8 kg	25" 63 cm	—	180°	—	—

*Weight Capacity: maximum load on height-adjustment assembly = 40 lbs (16,8 kg). Includes weight of laptop/keyboard in addition to contents of worksurface, open-front compartment, document bin and camera tray

**Lift Range: keyboard/notebook/worksurface adjusts 20" (51 cm) in tandem. Notebook screen adjusts 5" (13 cm) independently; maximum screen height adjustment = 25" (63 cm)

Product Name	TeachWell Mobile Digital Platform
Part Number	24-199-053, Laptop/Tablet (two-tone grey, white)
Product Includes	Cart, laptop/tablet pivot, document camera tray and bracket, integrated worksurface, wrist rest, keyboard tray with left/right mouse tray, mouse holder, open-front compartment, rear handle, document bin, four dual casters (two locking)
