Attaching Laptop Shelf to Arm Plate

2 Remove protective backing from plastic cover (**B**). Adhere plastic cover (**B**) to the arm plate of the desktop mount (sold separately) while keeping the holes aligned as shown in figure 2.1. Slide laptop shelf (**A**) down, over the back of the arm plate as shown in figure 2.1. Secure laptop shelf to arm plate with four screws (**F**), eight washers (**E**) and four nylock nuts (**G**) as shown in figure 2.2.

⚠ WARNING

- Desktop mount arm springs under tension. Must adjust to weight of laptop.
