

Ceiling/Wall Projector Mount with Adjustable Extension

NEW!

PPA and PPB projector mount models are the only projector mounts that offer ceiling and wall mounting options in one out-of-the-box solution while the PPC model delivers a flexible drop length for ceiling mounted projectors. These versatile, ready to install mount models offer the convenience of installation to the ceiling or the wall and provide drop length options without the need of additional accessories. These mount models provide the first true comprehensive projector mounting solution in a single package.

Ceiling/Wall Projector Mount with Adjustable Extension

Model Numbers

PPA(-S)(-W) / PPB(-S)(-W) / PPC(-S)(-W)

Product Specifications

- Continuous channel design for uninterrupted drop length or wall extension adjustments
- Three adjustable extension lengths:
PPA models: 12.75"-17.78" (ceiling), 9.95"-14.06" (wall),
PPB models: 16.75"-25.68" (ceiling), 13.95"-21.94" (wall),
PPC models: 23.2"-37.89" (ceiling only)
- Safety catch designed into extension to ensure user and equipment safety
- Mounts to ceiling or wall (according to model) with included wall mount interface
- Spider® universal adapter plate extends from 7.1" to 16.55" to fit most projector models
- Provides wide range of motion for ideal image alignment:
Tilt: +30/-5°, Swivel: ±20° at mount, Roll: ±20°
- Internal cable management within channels for clean, clutter-free appearance
- Includes hardware for installation to a wood joist or concrete
- UL listed
