

8318

This large FLEXmount® version is compatible with Innovative's heavy-duty arms with extended shaft. The FLEXmount® even handles mounting scenarios such as thick desk edges, desk edges with longer trim and surfaces with a small lip. The ideal mounting solution. It's Innovative! Choose from six different configurations in one kit.

FEATURES

- FLEXmount® with six mounting options, including: desk clamp, thru-desk, grommet, wall, reverse wall and side bolt.
- Compatibility: 7500 Series Articulating Mounts and Dual Tier Pole Mounts.
