

Sit-stand solutions provide a quick and efficient way to transform any ordinary fixed height desk into a more ergonomic sit-stand workspace. Workrite’s all-in-one ergonomic solutions offer a wide range of adjustability for lift, rotation and tilt.

The Solace family of products, which includes our new Solace HD, Solace Corner and Solace Electric, has evolved to include a range of solutions designed to address all your retrofit Sit-to-Stand needs. The Solace series now includes options that offer the greatest level of adjustability, maximize desk space availability, and provide ergonomic solutions for virtually any budget.

The Solace series has the flexibility to accommodate a wide variety of users and deliver stable, customizable workspaces to increase comfort and productivity.
