## AlcoveRiser Electric Desktop Workstation

Staying in motion throughout your workday is a breeze with FlexiSpot's Electric Desk Riser (EM7MB). By gently pressing a button, you can instantly shift from sitting to standing — no heavy lifting necessary. Plus, it's super quiet so you'll never disturb those who work near you. Even if your workstation has limited space, the compact design is sure to be an ideal fit, while also being sturdy enough to hold up to 55 pounds.

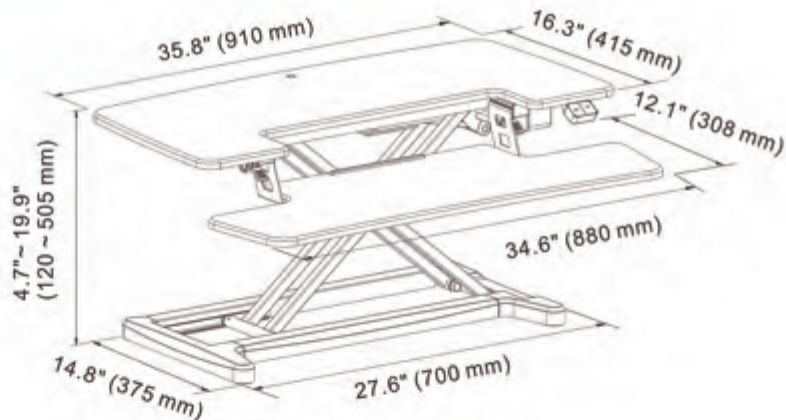

## Features

- **Whisper-Quiet Movement:** Up to 20% quieter than other brands so you never disturb others.
- **Deep 15" Desk Base:** Fits on top of compact workstations yet offers an extra-spacious desktop.
- **Hassle-Free Operation:** Skip the heavy lifting of manual adjustment by simply pressing a button.
- **Patented Bracing System:** Eliminates the jostling and abrupt drop that's common with other brands.
- **Increased Load Capacity:** Supports up to 55 lbs to hold a monitor, laptop, keyboard, and more.
- **Ergo-Friendly Design:** Encourages healthy movement, good posture, and proper wrist and elbow alignment.
