

GREATER FLEXIBILITY FOR WORKSPACE DESIGN

The Essentia base sets include all parts required to assemble the full frame including motors, controls, brackets, hardware and choice of foot size and switch type to meet your needs. The Essentia bases feature seamless European profile designs and motors and controls that meet the BIFMA G1-2013 ergonomic height adjustment requirements. Available control options including our unique inductive touch control with six user memory presets. The Essentia adjustable hidden cross bar design provides ultimate user knee clearance and comfort. Essentia's high weight capacities handle the most intensive user equipment loads. Our wide range of sizes, configurations, and colors make Essentia an elegant choice for your office.

Three user pre-sets for both sit and stand equal six total programmable settings.
