Samsung Galaxy Tab

Designed with the Details in Mind

Our tablet enclosures are engineered like no other enclosure on the market today. With attention to details like a mic hole, speaker grill, interior pads for tablet protection, and a power button service knockout, each enclosure is precision honed from a solid piece of high strength resin – not molded or formed – for uncompromising rigidity and long lasting beauty.

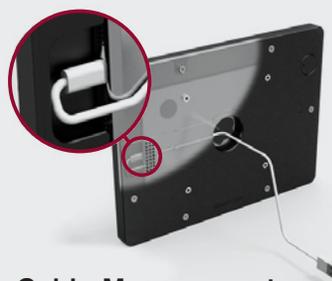

VESA Compatible

All tablet enclosures are VESA 100 (100mmx100mm) compatible making it easy to combine with our flexible mounting solutions (including our surface, floor, and wall mounting options).

Clean Look

Cables are discretely routed through the back of the enclosure to maintain a quality image.

Cable Management

We thought of everything, from fitting your Lightning or USB power cables, to a perfectly sized opening for your 3.5mm headphone jack and cord. Our enclosure was designed to fit your needs.

Power Button Access

Our unique enclosure design provides a choice between open or limited power button access. A tiny thru hole provides the ability to actuate the power button using a paper clip or other tool. Alternatively – for free, unfettered power button access, the cover is removable as needed!

Configuring a Tablet Mount is Easy

Secure your technology with tablet POS enclosures and mounts. Simply pair any of our tablet enclosures with a variety of POS mounts to create the perfect solution for your application.

1 CHOOSE YOUR ENCLOSURE

Apple iPad

iPad Air 1, Air 2, Pro 9.7 and iPad 2017/2018
iPad 10.2 (7th Gen)
iPad Pro 11.0
iPad Pro 12.9 (1st/2nd Gen)
iPad Pro 12.9 (3rd Gen)

Microsoft Surface

Surface Pro 4, 5, 6, 7
Surface Go

Samsung Galaxy Tab

Galaxy Tab E 9.6
Galaxy Tab A 10.1 (2019)

2 CHOOSE A VESA MOUNT*

Innovative Advantages

Customization

Let us help you with the product configuration for your application. Innovative's expert, in-house team work to create a custom product to fit specific POS application needs.

Image

Choose Innovative's clean, attractive design to convey a quality image straight through the checkout process.

Durability

POS environments are notoriously heavy-use, which is why point-of-sale applications need mounting solutions that are designed and built with durability in mind. Expert engineering and a thoughtful production process means our POS mounting solutions are one of the highest quality available.

Support

Innovative has 140+ employees working in our U.S.-based office and manufacturing plant (Easton, PA), where we ship to customers worldwide.

Most Innovative point of sale mounts come with a 10 year warranty against defects.
