ACOUSTIC & VISUAL PRIVACY

Visual and acoustical distractions in office environments have been proven to affect worker health and productivity. Constant interruptions can lead to an inability to focus and increase stress levels. Increased stress levels can lead to health issues and result in lost time and productivity. Distractions caused by movement in the peripheral vision are an aspect of visual privacy that is often overlooked.

The Tranquility Panel System is designed to provide a flexible, yet highly effective way to control noise and minimize visual distractions. It incorporates both front and side privacy panels, enabling users to remain focused, work with fewer distractions, and be more productive in an open office floorplan.

BUILD FOR TODAY. RE-USE TOMORROW.

Office environments are constantly evolving to support the changing needs of the modern workplace. These new workspaces help employees collaborate and foster teamwork - often at the expense of worker productivity and flexibility.

As needs change and offices are reconfigured, Tranquility panels can be used in a variety of ways to minimize distractions and help you get the most out of any open office environment. All of our mounting kits were specifically designed and engineered to mount without piercing the panels, allowing you to use and re-use Tranquility panels in a variety of applications.

Popular uses for Tranquility panels include desk mount, wall mount, ceiling mount and Shoji privacy screens.

1. **Desk Mount** – Combine 3 Tranquility panels with our desk mounting kit on virtually any workstation to create a self-contained, private workspace. Because the panels mount to the worksurface, they are the perfect solution for height adjustable workstations, offering the same level of privacy whether the user is seated or standing.

2. **Wall Mount** – The wall mount kit can be used with any number of Tranquility panels to create a visually interesting display that doubles as a sound dampener. For dimensional displays in which the panels need to be mounted at varying distances from the wall, you will need to order the wall mounting extensions.

3. **Ceiling Mount** - Suspend Tranquility panels from the ceiling with our ceiling mount kit to create greater levels of acoustical balance with a beautiful, modern display.

4. **Shoji Privacy Screens** – Control noise and increase visual privacy with our unique Shoji screen option for Tranquility. Use 3 Tranquility panels with our Shoji Straps to create beautiful free-standing screens for meeting spaces and individual workstations.

GOOD FOR THE WORKPLACE.
GOOD FOR THE ENVIRONMENT.

The Tranquility Panel System not only carries industry leading certifications for sound dampening and durability, they have a great environmental story as well. The materials used in our panels are both recycled and recyclable. Our PET felt products feature 100% recycled materials from used plastic PET containers that have been converted into spun fibers.

Our Tranquility Wool Fabric panels feature 70% Recycled wool, 25% recycled polyacrylic and 5% other recycled fabrics for an equally sustainable product.

4 STEP RECYCLING PROCESS

1. Plastic PET containers are picked up at recycling centers and sorted by type and color

2. The labels and caps are removed, then the bottles are washed, crushed and chopped into small pieces called "flakes"

3. The flakes are melted down and processed into fiber

4. The fiber is made into eco-friendly felt

PEACE OF MIND.

Tranquility panels have been awarded the following specific certifications for fabric and acoustical performance:

ASTM C423-09a – NRC Certified	Wool Fabric	PET Felt Fabric
• Wool Panels (.6 NRC) • PET Felt Panels (.55 NRC)	• Flammability ASTM E84 – Class A Certified • Color Fastness To Light AATC 16 – Grade 4 Certified	• Flammability ASTM E84 – Class A Certified • Color Fastness To Light AATC 16 – Grade 5 Certified

ASTM INTERNATIONAL
Standards Worldwide

Tranquility Panel Systems

Tranquility PET Felt Panels
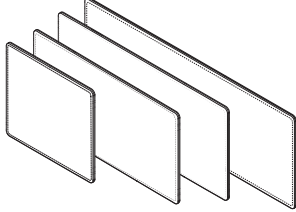

◆ Reduce office noise with ASTM C423- 09a rated acoustic panels **(0.55 NRC - Noise Reduction Coefficient)**

◆ Eliminate visual distractions when used in desk or screen applications

◆ Add panels to noisy areas with 4 mounting styles- reconfigure as your needs change

◆ Personalize work environments with tackable surfaces

◆ Match corporate brand colors or existing furniture with **12 color options** (see adjacent page

◆ 100% recycled PET felt

| Worksurface Compatibility	Model #	Color	Weight	US $ List	CAN $ List
30" deep	TRQ-PET-28X26-XXXX		10	$499	$640
46" wide	TRQ-PET-455X26-XXXX		17	$699	$896
58" wide	TRQ-PET-575X26-XXXX		21	$799	$1,024
70" wide	TRQ-PET-695X26-XXXX		25	$899	$1,153

Tranquility Wool Blend Fabric Panels

◆ Reduce office noise with ASTM C423- 09a rated acoustic panels **(0.6 NRC - Noise Reduction Coefficient)**

◆ Eliminate visual distractions when used in desk or screen applications

◆ Add panels to noisy areas with 4 mounting styles- reconfigure as your needs change

◆ Personalize work environments with tackable surfaces

◆ Match corporate brand colors or existing furniture with **35 color options** (see adjacent page)

◆ 100% recycled PET felt & Wool Blend

| Worksurface Compatibility	Model #	Color	Weight	US $ List	CAN $ List
30" deep	TRQ-WOOL-28X26-XXXXX		11	$699	$896
46" wide	TRQ-WOOL-455X26-XXXXX		18	$999	$1,281
58" wide	TRQ-WOOL-575X26-XXXXX		22	$1,099	$1,409
70" wide	TRQ-WOOL-695X26-XXXXX		27	$1,199	$1,537

Tranquility Desk Mounting Kit
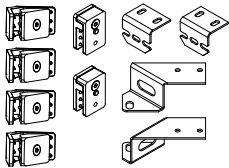

◆ Mount Tranquility panels to 3 sides of the desk for localized noise reduction and visual privacy

◆ Above and below desk privacy/modesty (Recommended: 18" above, 8" below)

◆ Clamping design provides flexibility in panel height and allows them to be reused with other mounting hardware

◆ Available in brushed aluminum finish

◆ Requires 3 tranquility panels & Workrite compatible desk

Model #	Weight	US $ List	CAN $ List
TRQ-MNT-DESK3PNL-BA	3	$119	$153

Tranquility Wall Mounting Kit
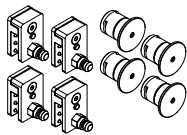

◆ Reduce ambient office noise by mounting Tranquility panels to your walls

◆ Easily create sound deadening artistic mosaics with multiple panel sizes and colors

◆ Use Tranquility panels in a horizontal orientation to serve as a tack board

◆ Available in brushed aluminum finish

◆ Four clamps & four wall mounting brackets per kit – requires 1 kit per panel

| Model #	Weight	US $ List	CAN $ List
TRQ-MNT-WALL1PNL-BA	2	$99	$127

Tranquility Wall Extensions

◆ Add depth to a Tranquility wall mosaic by layering up to 3 panels deep

◆ Four 1.5" stand-offs included per kit

◆ Available in brushed aluminum finish

Model #	Weight	US $ List	CAN $ List
TRQ-MNT-WALLEXT1.5-BA	1	$29	$37

Tranquility Ceiling Mounting Kit

◆ Reduce ambient office noise by suspending Tranquility panels from your ceiling

◆ Two clamps included per kit – requires 1 kit per panel

◆ Available in brushed aluminum finish

◆ Requires separate fasteners & hanger wire to accommodate your ceiling type and length (compatible with 12-Gauge hanger wire)

Model #	Weight	US $ List	CAN $ List
TRQ-MNT-CEILING1PNL-BA	1	$39	$50

Tranquility Shoji Straps
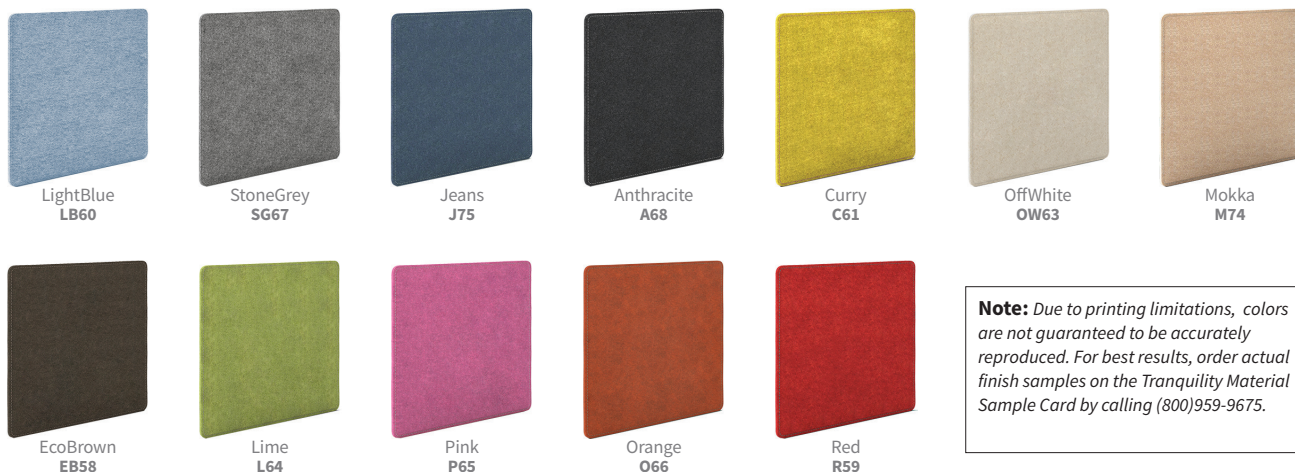

◆ Reduce office noise and separate spaces with an easily movable privacy screen

◆ Link 3 panels together to create a modern Shoji Screen

◆ Available in color matching Wool fabric with **35 color options** (see adjacent page)

Model #	Weight	US $ List	CAN $ List
TRQ-MNT-SSCREEN3PNL-XXXX	2	$499	$640
