

COMPACT FOOTPRINT MAXIMIZES DESK SPACE

The Conform Dual Static Arm is designed to provide side-by-side support for two monitors in a compact footprint. As part of the Conform family it uses the Workrite pin connection system, allowing it to be quickly mounted to a variety of bases and reconfigured with additional Conform monitor arms to adapt to your changing needs. Easily create a quadruple monitor system by using a 28" pole mount and two Conform Dual Static Arms. The Conform Dual Static Arm has been engineered to support over 15,000 cycles and exceeds ANSI/BIFMA X5.5 requirements. TAA Compliant.

Dual pole mount adaptor with interchangeable pin system ensures future adaptability

CONFORM DUAL STATIC ARM

Benefits:

- Enhance performance through ergonomic comfort
- Rigid support for monitors from 0–16 lb. each
- Expandable, interchangeable components ensure future adaptability
- Designed for fast, easy installation
- Easily route and conceal cables through the integrated wire managers
- Compact footprint allows users to maximize their desk space
- Discrete silver color and design blends into office environments
