moving you forward

Ergotron Tablet Cart

- Universal design: Securely supports a tablet for telehealth, registration and more
- Personalized views: Tilt feature lets caregivers and patients fine-tune the placement
- Integrated storage: Multiple areas hold supplies for moving between rooms
- Comfortable fit: Sit-stand height adjustment enables personalized comfort
- Compact footprint: Mobile, lightweight platform fits into tight spaces
- Customizable features: Add additional accessories to support your workflow

FLEXIBLE, SIT-STAND DESIGN FOR TABLETS

Support telehealth initiatives and patient-family relationships with this flexible, sit-stand tablet cart. It can be used sitting or standing for a comfortable fit that's personalized to each patient or caregiver. The cart moves easily from room to room with an included worksurface and storage areas to hold supplies. With many optional accessories, it's customizable for each unique workflow.

Ergotron Tablet Cart
