

As one of the first chairs ever made from recycled fishing nets, the Liberty Ocean not only helps clean up our oceans, but also reflects our commitment to creating a net positive impact on the Earth. Liberty Ocean incorporates almost 2 pounds of reclaimed ocean fishing nets - widely regarded as the most harmful type of plastic.

## Liberty Ocean leaves a Net Positive impact on our planet.

Validated by the rigorous standards set by the ILFI's **Living Product Challenge**, each time Liberty Ocean is manufactured, the Earth is left measurably better off as it is certified climate, energy and water positive.

 EMISSIONS (CO <sub>2</sub> e) BENEFIT	<b>5 kg/chair</b>
 WATER BENEFIT	<b>13 gal/chair</b>
 ENERGY BENEFIT	<b>18 kWh/chair</b>
 OCEAN PLASTIC BENEFIT	<b>1.7 lbs/chair</b>

Our hope is that by showing it's possible to have a net positive impact, our customers will want the same from all manufacturers, leading the industry to change – because only together can we save the planet.

## Features

- Self-adjusting recline automatically provides the right amount of support, regardless of user size or weight
- Pivoting backrest provides instant support as the sitter changes positions
- Form-sensing mesh back creates body-fitting contours and self-adjusting lumbar support for a customized fit
- Adjustable or fixed armrests connect to the backrest instead of the seat to stay with the body during recline
- Available with a black back/frame and all of Humanscale's mesh, fabric and leather options
- 15-year, 24/7 warranty
- Base models start at \$1,237 LIST
