

## Tailored Solutions

# StyleView® Telepresence Combo Wall System

### Wall-mounted telepresence for versatile communication

Bring telepresence capabilities to patient rooms, clinic spaces and more with this flexible and ergonomic wall mount system. Caregivers can view medical records while consulting with other providers as they sit or stand at their most comfortable height. The camera shelf fits your preferred technology with easy access to a barcode scanner, CPU, worksurface and more all in one height-adjustable arm.

1. Add a camera shelf to support your preferred telepresence technology

2. Work sitting or standing with 20" (51 cm) of height adjustment for a personalized fit

3. Includes 5" (13 cm) of LCD adjustment for clear camera views and comfortable documentation; space-saving system folds out of the way when not in use

4. Incorporate an extender to increase the reach 17" (43 cm) for more flexibility

Camera, monitor and other equipment sold separately. Ergotron does not manufacture, sell or endorse any telepresence camera.
