

LX Pro

The Next-Generation Platform

For more than 20 years, the LX collection has set the standard in ergonomic monitor mounting. LX Pro builds on that legacy with a refined design, easier installation, and enhanced adaptability. Powered by Ergotron's Constant Force technology, LX Pro enables effortless monitor positioning while supporting evolving workspace needs with expanded configurations, accessories, and improved cable management.

Why Decision-Makers and IT Teams Choose LX Pro

Flexible and adaptable. Supports a wide range of monitor sizes and configurations, with options for desk, wall, and multi-monitor setups that evolve as needs change.

Enhance ergonomics. Smooth, precise adjustment with increased tilt range promotes better posture and optimal screen positioning for individual users.

Modern aesthetic. A sleek profile, compact base and improved cable management complement contemporary workspaces while reducing visual clutter.

Simple installation. Fewer parts, an updated cable cover, and detachable head design streamline setup and make large-scale deployments more efficient.

Maximize desk space. Lift monitors off the work surface to free valuable workspace and create a cleaner, more productive environment.

Built for long-term performance. Durable engineering backed by a 10-year warranty ensures reliable support in demanding commercial and healthcare environments.

Certified BIFMA Level 2

Comfortable wall-mounted flexibility for focused work
