

Chief Velocity Outdoor Dual Pedestal System **SKU: ODMB2X1**

Ideal for drive-thru menu boards and wayfinding signage, the Chief® Velocity Outdoor Pedestal System is a modular outdoor digital signage pedestal mount that supports Samsung and LG 55" outdoor displays. Its modular design allows for single, double or triple displays and easily accommodates future expansion. Create a fully integrated solution with optional Speaker Mount and Back Cover accessories.

Designed to evolve

Because of Chief Velocity's modular design, it's easy to update menu boards or digital signage displays from a single to a double, or double to triple. This reduces long-term cost of ownership and makes the most of an investment in digital signage.

Fast, easy two-person installation

Chief Velocity is designed for quick setup and requires only two people for installation. No heavy lift equipment is necessary, saving money on equipment rental costs. Simplified French cleat display mounting provides fast, safe installation, with lateral shift for zero bezel-to-bezel gaps. For the owner of a QSR, speedy installation means reduced downtime for their drive through service.

Why we like Chief Velocity

- Supports Samsung and LG 55" outdoor displays
- Bezel-to-bezel distance between displays optimizes multi-display content, allowing content to be spread across all three displays
- Slotted base plate provides 15° of rotational positioning flexibility to adjust customer viewing angles
- Optional Speaker Mount Accessory can be mounted to the left or right of the display
- Open back design provides easy access for maintenance
- Site security – tamper-resistant security screws which prevent vandalism
- Outdoor rated finish meets UL 2442 Part 2 requirements
- Stands up to extreme weather conditions - wind-tested to 140 mph
- Off-the-shelf, inventoried product for quick lead times allows for install in less than two weeks
- Competitive standard product pricing – no waiting for custom quotes
- Ships on a 40" x 48" pallet – convenient for smaller receiving docks and reduced shipping costs
- UL Listed
- Five-year warranty
- Mounting Method: Concrete Mount Via Threaded Rod or Wedge Anchors

Specifications
