

SITMATIC®

COOLEAN™

SIT, STRADDLE OR LEAN.

Coolan's unique design enables, and encourages, frequent posture changes throughout your working day.

COOLEAN™ FEATURES

Coollean's unique design enables, and encourages, frequent posture changes throughout the day. The backrest and seat shapes allow Coollean to be straddled, while providing full sternum support for tasks that require intensive care.

Limited Lifetime Warranty
Rated 24 / 7 / 365
No Weight Restrictions

IDEAL APPLICATIONS INCLUDE

DENTIST & ORAL HYGIENIST CHAIR
 SURGEON CHAIR
 HEALTHCARE LABORATORY STOOL
 ULTRASOUND & X-RAY TECH CHAIR
 FACTORY & PRODUCTION LINE SEATING
 COLLABORATIVE OFFICE SPACES

Backrest Shape

The scallop shaped backrest allows arms and legs to fall naturally in a working posture.

Intuitive Back Height

Finger tip lever locks where you put it.
 No other chair adjusts 6".

PressureCast™ Cushions

Using a special formulation and cast under high pressure, PressureCast™ foam is incredibly resilient for comfort, yet high-density for longevity.

Seat Shape

Thoughtfully designed and shaped with gentle ergonomic contours that make Coollean the most comfortable chair in its class.

The Perfect Height

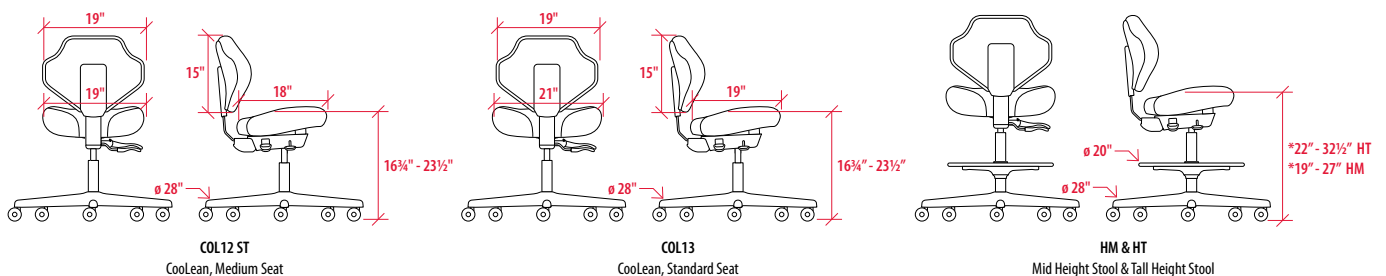

Seat heights for any size individual. Five different seat heights, ranging between 15" and 34", ensure a perfect fit for everyone at every workstation.
 Optional footrest available.

Better Mobility

Oversized, 60 mm casters roll easily through plush carpet. Riveted for life-long durability.
 Every chair automatically receives a 28" cast aluminum base for safety.
