officemaster

gather.
share.
produce.

Great things are about to happen, so don't let anything stand in the way. Infuse life into your culture and energy into meetings. Workplace innovation starts with comfort.

pictured: OM5 work chairs shown in Palladium Grey frame, Arctic White PolyFlex, polished aluminum package, OM5 arms.

aspire.
plan.
achieve.

Does it really matter which side of the desk you're on?

Sit back, get comfortable, and take charge. Aim for brilliance
because you're not good, until you're great.

pictured on left: OM5 Active Stack shown in Modern Black shell, chrome frame.
pictured on right: OM5 Executive High Back shown in Palladium Grey frame,
upholstered back, polished aluminum package & OM5 arms.

introduce.
shift.
collaborate.

Spread tradition *and* welcome new ideas. The best environments unlock synergy and inspire dialogue. The best seating keeps you active and engaged.

pictured: OM5 Active Tasker shown in Arctic White shell, upholstered seat, arms.

let's
do
more.

Lifestyle meets work style.

Foster spontaneous production by recognizing that brilliant ideas aren't limited to any particular time, or space.

what do your chairs say about the way you work?

Encourage the free flow of ideas with seating that keeps employees active – and thinking – throughout the day. The complete OM5 Series® is a dynamic family of task, executive, conference and collaborative seating that is tailor-made to fit modern employees and team-oriented work environments.

The OM5 Series® Work and Active seating all feature “body-activated motion” that was inspired by a desire to create ergonomic seating that is both intuitive and highly responsive. Through precise engineering and well-balanced geometry, all of the seating in the complete OM5 Series® subtly respond to moment-by-moment micro-changes in body position to facilitate mind and body well-being.

work chairs

OM5 Task Chair

OM5 Executive High Back (EX)

OM5 XtraTall (XT)

OM5 Active Tasker (AT)

OM5 Active Guest (AG)

OM5 Active Stack (AS)

The OM5 Series® was designed to be good for the workplace and the environment. Backed by a lifetime limited warranty, OM5 Series® chairs have been recognized by:

- ADEX Design Awards (2012-2013) / Platinum and Gold
- National Ergonomics Conference & Exposition (2010) / Attendees' Choice Award
- UL GREENGUARD Gold Certified™

The entire OM5 Series® of ergonomic seating was designed by Francisco Romero and brought to you by Office Master – the choice for Smart Seating Solutions. All upholstery used on OM5 chairs in this brochure were chosen from Office Master's grade-in program with DesignTex. Details available upon request.
