Tech Tray
Installation Instructions

TECH TRAY INSTALLATION HARDWARE

Tech Tray   Track   Track Cover
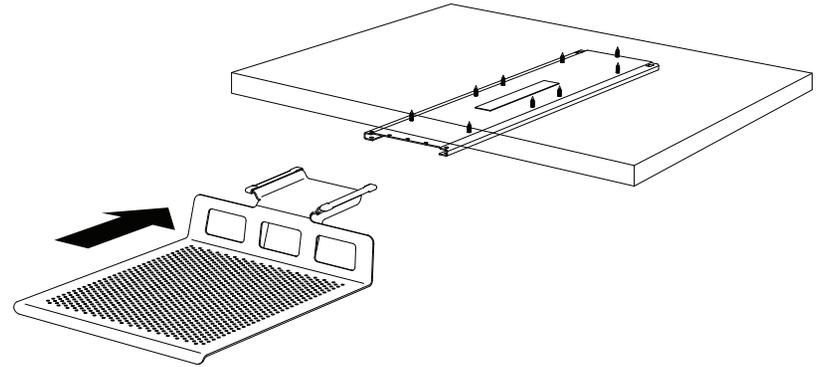

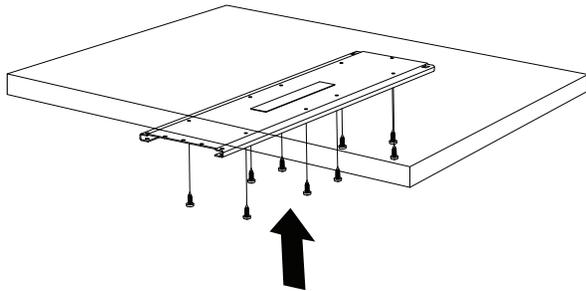

11 Installation Screws

STEP 1: INSTALL TRACK

Remove tape backing from Track and position Track on the underside of the desktop approximately ½″ from the edge of the desk with the tabs in the back. Install using 9 Installation Screws."

Note: Do not fasten screws through the three holes at the front of Track.

STEP 2: INSTALL TECH TRAY

Slide Tech Tray into Track as shown.

STEP 3: INSTALL TRACK COVER

Place Track Cover over the front of Track. Fasten 2 remaining Installation Screws through Track Cover and into the desktop.
