

SMOOTH & EXTENDED REACH

The Poise-Extended monitor arm is designed to support heavier monitors in hard to reach applications such as corners and work surfaces deeper than 30". Poise-Extended provides an additional 7" of forward reach and features a pneumatic strut and precision machined couplings designed to create smooth lift, maximum stability and easy adjustability.

Poise-Extended is available in two contemporary finishes and comes standard with coordinated C-Clamp and Grommet mounts. A variety of optional mounts for more unique installations and a quick release adapter can also be purchased separately.

The Poise-Extended comes with a 10 year warranty and can be relied upon to provide years of dependable performance and adjustability.

Pneumatic cylinders provide easy, fingertip adjustment

Folds down to just 4" deep.

POISE-EXTENDED
