

THE BEST LIGHT IS NATURAL LIGHT

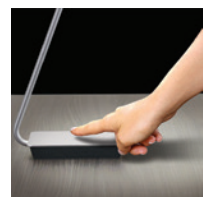

Workrite's Natural Desk Light features an Organic Light Emitting Diode (or OLED) panel that is unbelievably thin and lightweight, making it the perfect choice for creating this sleek, modern design.

OLED panels produce the closest artificial light source to natural sunlight and render colors with amazing accuracy. The OLED panel provides rich, evenly diffused light across the work surface while producing no glare, UV or blue light risk — virtually eliminating the health risks associated with artificial lighting.

Even after hours of operation, the OLED panel produces very little heat (<35°C/95°F) so it is always safe to touch. Natural is the ideal light for reading intensive environments and enables users to work in absolute comfort without eye strain.

The OLED panel is thin, lightweight and evenly diffuses light.

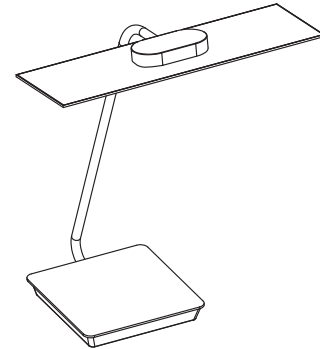

Touch control for easy on/off and dimming.

NATURAL OLED DESK LIGHT

Natural OLED Desk Light

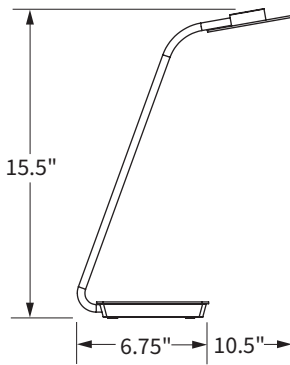

Specifications

- One evenly diffused OLED panel
- Compact, space saving design
- Exceptional light quality, closest artificial light to natural light
- Sturdy, weighted table base and transformer included
- Touch Sensitive Dimming Switch dims to 50% or 15%
- UL Certified
- 30,000+ hour OLED life (L70 rating)
- 5 year fixture warranty
- Available in silver

Photometrics

Source at 15"

Luminaire with Table Base

- Foot Candle Power (@ 15"): 108 fc
- Light Output (Lumens): 442 lm
- Power Consumption (Wattage): 13.7 W
- Lumens Per Watt: 32 lm/W
- Photometric Performance: See Chart
- Light Color Temperature (CCT): 3900 K
- Color Rendering Index (CRI): 94 CRI
- Fixture Dimensions: W: 12.75" x H: 15.5" x D: 10.5"
- 36 W transformer (12 V, 3 A, Class 2)
