

NATURAL OLED DESK LIGHT

Thank you for purchasing the Workrite Natural OLED Desk Light. We hope you enjoy the rich, evenly diffused light only OLED light sources can provide. OLED technology enables Natural to render colors in amazing accuracy without producing glare, UV or blue light. Perfect for reading-intensive environments, the Natural Desk Light allows users to work in absolute comfort without eye strain.

If you should have any questions or comments we would love to hear from you at www.workriteergo.com.

Enjoy

NATURAL

OLED DESK LIGHT

■ What is OLED & why is it unique?

- The light emitting material in OLED is created from 100% organic compounds synthesized from elements of carbon and hydrogen – the basic building blocks for all living organisms. As a result, the entire OLED light source has no hazardous materials.
- The broad-band light emission of organic materials creates a balanced light distribution that is comfortable to look at, devoid of harsh shadows and has exceptional color accuracy.
- Luminaires are virtually maintenance-free and highly efficient.
- OLEDs are cool to the touch and easy to handle while illuminated.
- Incredibly thin and lightweight, OLED light emission is truly unlike any other light source.

■ Operating the Natural OLED Desk Light couldn't be easier...

- Plug the transformer into the back of the base.
- Plug the transformer into any Type A, 110-220V outlet.
- Gently touch the center of the base on the black touch sensor.
- Touch once for 15% brightness, touch twice for 50% brightness, touch a third time for 100% brightness, and touch a fourth time to turn the light off.

■ Warranty

- With proof of purchase, Workrite warrants to the original purchaser that the light fixture is free from defects in design, material and workmanship for a period of 5 years or the maximum hourly performance rating, whichever comes first. Transformers are warranted for a period of 1 year.
- With prompt written notice, Workrite will repair or replace, free of charge, any product, part or component which falls under normal use as a result of such defect.
- For comprehensive warranty terms and conditions please visit us at www.workriteergo.com

■ Attention

- Electrical product - Keep away from water & liquids.
- Do not touch with wet hands.
- If OLED light panel shatters, do not touch with bare hands.
- Use only the included power adapter/transformer.
