

9236

Known for its modern design and cost-savings, an iPad POS system is growing in popularity among boutique restaurants and shops. To meet this demand, Innovative introduces the 9236 iPad/tablet POS mount. Created for tablet-based POS solutions, the 9236 is a fixed mount with an industry standard VESA pattern, making it compatible with most iPad/tablet cases and monitors.

FEATURES

- POS mount uses industry-standard 75mm/100mm VESA plate.
- Internal wire management keeps cash wrap free of unwanted cable clutter.
- Easily adjust desired angle with 15-110 degrees of tilt and 180 degrees of swivel.
- Compatible with most iPads, tablets, enclosures, and monitors.
- Securely mounts payment devices to prevent unwanted tampering.
- The iPad POS mount supports up to 10 lbs.
