If your monitor uses a screw size other than M4 x 10mm, DO NOT use the M4 x 10mm screws or knob provided as they could result in damage to the monitor.

Indien uw monitor voorzien is van een ander type schroef dan de M4 X 10 mm, gebruik dan beslist niet de door Ergotron geleverde M4 X 10mm schroeven of schroefknoppen, want deze kunnen de monitor beschadigen.
