

Ergotron® Mobile WorkStand

Integrating Technology and Convenience

Highlights

- Configurations are easily customized with many modular component options
- Multiple users can easily position monitor and keyboard to their own comfortable viewing position
- Compact footprint reduces space requirements
- Sturdy, five-legged design with optional weighted base
- Durable, lockable 4"-diameter casters provide smooth movement of the complete unit
- Easy-to-clean, heavy-duty steel construction
- Install components at any height on pole
- Industry-leading warranty

The Mobile WorkStand allows easy individual adjustment of its monitor and keyboard arms, providing an ergonomically correct work environment. Customize your cart to meet your needs for mounting an LCD monitor, laptop, keyboard, CPU, UPS, cables and more.

For sit-to-stand adjustment, the Mobile WorkStand can be fitted with 400 Series LCD and Keyboard Arms. The 400's vertical adjustment range equals 22"-24" (56-61 cm)

A dual-monitor configuration using Ergotron's patented Paraview Technology

The LX LCD and Keyboard Arms can be used without extensions

The LX Keyboard Arm comes with keyboard tray, mouse pad, mouse pouch and gel wrist rest for a complete keyboard/mouse solution

Pole-mount brackets allow easy attachment of many Ergotron mounts. Place them at any point along the pole

The rear handle enhances ease of movement

A CPU or UPS can attach to the cart's base. CPU mounts are adjustable to accommodate a wide range of devices

Five 4" casters easily move the cart over carpets, hard floors and thresholds; two are lockable

Mobile WorkStand is designed for comfort. Articulating arms position a keyboard and screen exactly where you want them. Options like a footrest and wrist rest further enhance the cart's ergonomics.

Basic Specifications

Descriptions: Mobile WorkStand
Part Number: Varies with configuration
