DESCRIPTION

The MVWC-3X3 is a mobile cart with a nine screen video wall configuration. The cart accommodates displays 46" and 55" and produces a seamless video display with fine-tune adjustment brackets. The cart has effortless assembly, set up and ready for displays in 30 minutes or less. The 3x3 array also splits down the middle to easily ship, handle and transport the product. A solid bottom skirt and tray stores and protects A/V or IT equipment. Heavy-duty casters allow for swift maneuvering, providing precise placement even in the most congested of areas.

FEATURES

- Easy mobility with heavy-duty designed casters to support equipment weight for swift maneuvering
- Stable base provides solid support for the configuration as well as equipment storage and protection
- Accommodates nine 46" or 55" displays for a 3x3 video wall display
- Fine-tune adjustment brackets ensure a seamless video wall display
- Mounting brackets split in half for easy shipping, handling and transporting for quick setup
