Cable Lock

INW42, 50 & 60 In-wall Box

FAQ

What if I don't know my mounting pattern?

Check the mount locator tool on www.mounts.com to see a list of compatible mounts or select a universal mount, which fits a broader range of mounting points.

Does this come with hardware for steel studs?

Yes. Our mounting kit includes hardware for wood, steel and concrete installation - all at no extra charge.

Is there a mount even closer to the wall than .96"?

Yes. Check out the PTFM3765. At .37", it is the lowest-profile mount we've ever made and one the most versatile mounts on the market today.
