

Verano™

The future of under-cabinet lighting is here

An environmentally friendly choice:

- Weighs up to 70% less than comparable T5 fluorescent fixtures, minimizing material and energy consumed by product manufacture and transportation.
- Has a useful life up to twice as long as fluorescent fixtures again reducing the material and energy consumed during the product's lifecycle.
- Uses 20-40% less energy than comparably sized T5 fluorescent fixtures
- The aluminum housing is completely recyclable.
- Product packaging contains minimum 70% recycled content, fully recyclable.
- Provides a mercury free light source.
- All three finishes use a water-based paint.
- Verano is eligible for 1-7 LEED credits.
 - Energy and Atmosphere, Credit 1.1
 - Optimize Energy Performance: Lighting Power 1-3 points
 - Option A: Reduce lighting power density to 15% below the standard 1 point or
 - Option B: Reduce lighting power density to 25% below the standard 2 points or
 - Option C: Reduce lighting power density to 35% below the standard 3 points
 - Innovation in design, Credit 1.1 – 1.4
 - Implementation of comprehensive ergonomic program (1-4 points)

At Workrite we believe every body has a right to work comfortably and safely for maximum productivity. You can trust Workrite, as thousands of customers have, including 75% of Fortune 100 companies, for solutions that fit today's diverse range of workers.
