- Lightweight and compact design enables mobility
- Create a productive dual-display configuration by placing your notebook's screen alongside an existing LCD
- Get the comfort of a full desktop computer system with notebook portability

Ergotron®

Neo-Flex™ Notebook/Projector Lift Stand

Lift and tilt your notebook to eye level—increase comfort and productivity

Lift and tilt your notebook to eye level for better ergonomics and productivity. At home, make paying bills, searching the net or viewing photos easier by placing your screen where you can see it best. In the office, enhance productivity by pairing a notebook alongside an existing LCD to create a dual-display configuration. Get desktop computing comfort with notebook portability.

Got a projector? Don't bother with expensive ceiling installations, wobbly projector feet, or scrambling to stack books and materials. This one-of-a-kind stand is built with lift and tilt capability for fast, easy setup and stable projector positioning.

The Neo-Flex Lift Stand was developed using Constant Force (CF™) patent-pending lift-and-pivot motion technology. With little effort, you can lift and tilt your notebook screen up to six inches (15 cm) or swivel it side-to-side.

- Up to 360° of side-to-side swivel
- Vented platform allows for cooling air flow
- Sleek design complements any home or office
- Weight capacity range 3.5–14 lbs (1.6–6.3 kg)
- Three-year warranty

For notebooks:

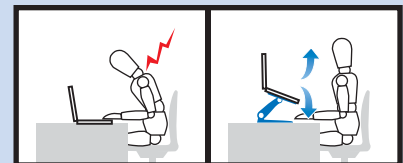

- Offers true ergonomic height/tilt adjustment—six-inch (15 cm) motion range places top of screen at proper eye level for maximum viewing comfort
- Independent tilt range, up to 25°, positions a notebook for maximum ergonomic comfort
- Width- and weight-adjustable design is compatible with most notebooks, with or without port replicator

For projectors:

- Lifts projector up to 7.25" (18.4 cm) above work surface
- Generous height and tilt range minimizes skewed images and obstructions—reduces or eliminates the need for keystone corrections within the projector

Product Name	Neo-Flex Notebook/Projector Lift Stand
Part Number (color)	33-315-194 (silver)
Product Includes	Stand, cable ties, hook and loop, adhesive non-slip pads
Shipping Dimensions (metric)	16.22" x 15.6" x 4.8" (41.2 x 39.6 x 12.2 cm)
Shipping Weight (metric)	5.1 lbs (2.3 kg)
Warranty	3 years
Weight Capacity (metric)	3.5–14 lbs (1.6–6.3 kg)
Compatible Notebook	Almost any notebook computer (with or without docking station) or projector within weight range of the stand
