

StyleView™ Dual Display Cart

Maximize space in your imaging environment

Highlights

- *Constant Force (CF™) patented motion technology produces fluid light-touch motion*
- *Open architecture simplifies future hardware upgrades and reduces ownership costs*
- *20" (508 mm) height range for comfortable data entry whether sitting or standing*
- *Internal cable management neatly organizes and routes cables*
- *Equipment locks provide theft deterrence*
- *High performance casters for easy movement on all floor surfaces and over thresholds*
- *The Ergotron StyleView Power System is certified to UL 60601 standard. This listing also includes certification to CAN/CSA STD C22.2 No.601-1M90.*
- *Accessories available to enhance workflow productivity*
- *Simply attach the LCD bow and the Cart is ready for equipment*

More motion. Less effort.
Feel the difference.

Enhance your imaging implementation with the StyleView Dual Display Cart. The Dual Display Cart provides comfortable access to patient data and images—in patient, emergency and operating rooms, labs, radiology, nurses' stations—wherever patient data or PACS images need to be accessed. The result is a cart that sets the new dual display benchmark; best in form as well as function. StyleView is an economical investment built to exceed healthcare industry expectations. Additionally, it is an excellent choice for other industries that require premium dual display mobility.

- StyleView's innovation, quality and value in a dual display cart
- Improves efficiency, accuracy of care and patient safety
- Exceptional ergonomics—healthy for all clinicians

Dual Display pivots provide forward/back tilt and attach to LCDs that are VESA® MIS-D, 100/75, C compliant.

All StyleView carts feature patented CF motion technology—providing 20" of single motion lift.

Cable management channel routes and conceals cables.

Universal CPU holder keeps CPU secure yet accessible.

Options

Three hospital grade AC power outlets, included with optional power system, provide CPU and LCDs with ample power.

Optional Utility Shelf available for extra equipment storage.

Optional T-Slot Bracket allows customer supplied equipment to be mounted to the StyleView Cart.
