

Ergotron® Vertical Lift Series

for low profile, wall-mounted applications

Highlights

- *Patented counterbalance system provides smooth vertical adjustment while maintaining touch screen stability without the need for knobs or levers*
- *With the keyboard folded up, system depth can be as little as 4" (102 mm)*
- *The 9" (229 mm) of vertical adjustment accommodates the ergonomic height range of the average female to average male in sit or stand applications*
- *Up to 10° of monitor tilt*
- *Easily attaches to LCDs that are VESA® MIS-D, 100/75, C compliant*
- *5 year warranty*

The Vertical Lift (VL) Series is an extremely low profile wall-mounted module that allows you to quickly position the height of your flat panel monitor and keyboard. It is the perfect solution for situations where multiple operators use a single computer workstation.

The VL Series low profile is ideal for confined or high-traffic areas— with the keyboard folded in the storage position, total system depth can be as little as 4".

The Slide-out Keyboard Tray option extends the keyboard 5" for comfortable data entry.

Up to 10° of monitor screen tilt.

Keyboard Tray folds up flat when not needed.

Keyboard Tray assembly can be installed at various heights on base unit to provide optimum screen height to keyboard relationship for various size monitors.

Mouse Tray can be used from left or right side of keyboard.

Unit includes a quick-disconnect bracket for easy removal and attachment of monitor.

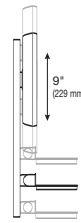

Mounts directly to surface, with appropriate fasteners.

Slide-out Keyboard Tray extends keyboard 5". (Total system depth when folded up is 4-1/2".)

VL Series includes Keyboard Tray with Sliding Mouse Tray & Wrist Rest Holder and Mouse Pad.

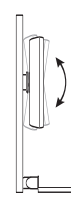

Range of Motion

Vertical Lift Range

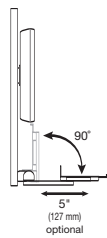

Monitor and Keyboard move in tandem

Monitor Tilt

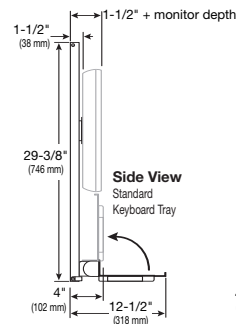

Tilt range depends on monitor size

VL w/ Slide-out Keyboard Tray

Basic Specifications

Attachment Options: Direct Mount

Display Interface Options*:

VESA FDMI MIS-D, 100/75, C

(hole pattern: 100 x 100 mm & 75 x 75 mm)

* Use of a VESA FDMI Standard compliant flat panel monitor is strongly recommended. We urge you to contact Ergotron to verify monitor compatibility prior to ordering.

Monitors with cables that exit straight out the back of the monitor, as well as monitors that have non-removable bases/stands, may not be compatible with the VL Series. The VL Series works best with cables that exit in a downward or sideward direction.

Colors: Available in grey and black

Weight Capacity (combined weight of monitor and keyboard):

- VL with Standard Keyboard Tray = 9-34 lbs (4.1-15.4 kg)
- VL with Slide-out Keyboard Tray = 5-30 lbs (2.3-13.6 kg)

Accessory Options: Wrist Rests, Mouse Pouches, CPU Holders, Surge Suppressors and Power Strips
