

TECHNICAL DATA SHEET - Projector Enclosure

MODELS: PE 1120, PE 1120-W

Lock in the highest level of security with the **PE 1120**. Solid 1/2" diameter steel bars provide protection from theft or accidental damage. Installation is a snap – just snap the two halves of the steel frame together and hook the enclosure body to the frame. It's so easy that you can attach it to existing projector installations without having to remove the projector mount or disturbing the image alignment settings. It's the toughest security available with a user-friendly design.

Features:

- Colors: White or black
- Secures any projector and mount with an all-steel enclosure and solid steel bars
- Retrofittable without tampering with existing installations
- Attaches to 1"-1.5" NPT pipe or can be attached directly to a structural or suspended ceiling
- Easy three step installation
- Hook-n-Hang frame design for fast maintenance access
- Adjustable bars to accommodate the projector lense placement
- Patented security fasteners and security wrench only offered by Peerless
- Padlock ready
